

Additional Product/Service Fees

Supplemental Service Fees

Service	Fee	Details
Additional Ordering Site	\$1,200.00/year	E.G. you wish to configure “mynormalcustomers.acciodata.com” for normal customers, but have a special customer you’re creating a Co-branded site with “MeAndMyPartner.acciodata.com”. The Co-Branded site may have new logos, colors, legal agreements, etc. An SSL certificate is extra if required.
Non acciodata.com server URL	\$250.00/3 years	We will create a URL like “yourcompany.acciodata.com” that your customers will visit to order from. If you would like to use a URL of your own, like “orders.yourcompany.com”, you can but will be assessed this additional annual service fee.
Integrating a new vendor service (XML automation)	Free if the vendor integrates, Free if you integrate, \$150.00/hr if we integrate	If the vendor charges any additional integration fees, you will be responsible for them. We provide free technical support to clients or vendors wishing to integrate with us.
Custom formatting/web design	\$100.00/hr	You are not required to use us for custom web design, and if you want to customize pages yourself or have your web designer do so, we will send the pages to them for customization. Or, if you prefer, we offer web design as a service to you.
Custom programming	\$150.00/hr	This rate is only for customization of our software for you. We do not contract our programming staff out to anyone but our clients.
Document conversion .doc to .pdf	\$25.00/document	Our server supplies PDF files to clients in many cases. If you customize these files, you must provide them to us in PDF format. We will charge \$25.00 per document to convert word documents to PDF.
